**“Complete meat processing technologies and individual solutions out of one hand”**

## Our value proposition

Our goal is to design, create and build complete meat processing technologies solutions that meet each customers' unique need and to constantly develop and improve our technology offering.

We offer complete slaughterhouse and poultry meat-processing plants including custom-built machines and equipment that are unique to the Hungarian market.

Our technology synchronizes our automatized systems from start to finish. Starting with livestock handling, through the evisceration process and the hygienic packaging of the end product.

We strive to balance the interests of management and employees in our commitment to satisfy our clients.

## Who we are

Sampo Food Processing Technology Ltd. was founded in 1990 and focused initially on the design and manufacturing of stainless steel food processing equipment.

Building on this expertise, we today work with a dedicated team of 45 employees and can offer the complete design, manufacturing and installation of slaughterhouses and meat processing plants with solutions unique on the Hungarian market.

## Our work

We currently export our products and solutions to Germany, Ukraine and Slovakia.

Our manufacturing processes and final products are fully compatible with all European Union health, hygiene and design standards including HACCP.

All manufactured products are fully CE certified.
